

10 – 4 – 10 Chapters on Responsible Investment

We will be providing ten think pieces, or chapters, about responsible investment, designed to inform you of the work we are doing in this area.

Each chapter will be made available on our website as they are published over the coming year.

10-4-10 think pieces		
1	May	Introduction and overview of EAPF approach to responsible investment
2	August/September	Universal ownership: The power of engagement and voting
3	Early September	Being long term
4	September/October	Carbon risk and managing impact of climate change
5	October	Sustainable capitalism: investing in green, clean and sustainable
6	October/ November	Manager selection, monitoring and reporting: working in partnership to create better solutions
7	November	RI in the long term and illiquid: real assets, private equity and debt
8	December/ January	RI in Fixed interest
9	January/ February	Evidencing RI: assessing how the fund benefits from RI integration
10	March	Looking forward: the next 10 years
