Mandatory and Voluntary Scheme Pays Process

Mandatory Scheme Pays

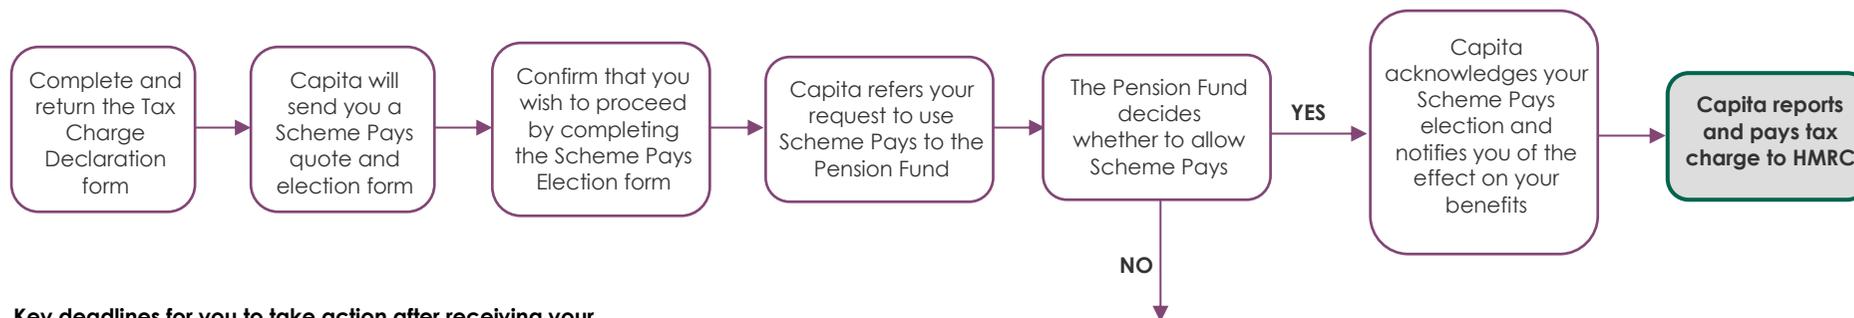

PLEASE NOTE: To be eligible for mandatory Scheme Pays, your PIA in the EAPF must be more than £40,000 and the tax charge attributable to your EAPF pension must be for more than £2,000.

Key deadlines for you to take action after receiving your Pension Savings Statement:

- You must report the tax charge payable to HMRC in your Self-Assessment Tax Return, irrespective of whether you're using Scheme Pays, by **31 January**. You'll need to advise HMRC if you'll be using Scheme Pays to settle the tax charge.
- You must send your Scheme Pays election form to Capita by the second **31 July** following the end of the relevant tax year at the latest.

Voluntary Scheme Pays

Key deadlines for you to take action after receiving your Pension Savings Statement:

- You must report the tax charge payable to HMRC in your Self-Assessment Tax Return, irrespective of whether you're using Scheme Pays, by **31 January**. You'll need to advise HMRC if you'll be using Scheme Pays to settle the tax charge.
- You should try and send your Scheme Pays election form to Capita as soon as possible after receiving your Pension Savings Statement. The deadline for the Pension Fund to pay the tax charge to HMRC under voluntary Scheme Pays is also **31 January**.

PLEASE NOTE: Voluntary scheme pays elections may be made after 31 January but additional charges may apply.

Scheme Pays and the Tapered Annual Allowance

Any excess PIA between your Tapered Annual Allowance amount and £40,000 may be paid under Voluntary Scheme Pays at the discretion of your Pension Fund but this will not be eligible for Mandatory Scheme Pays. This may mean that an election under both processes is required and the tax charge has to be split between the two.
